

visitSabadell

If you like taking selfies you can't miss **Sabadell selfie route!**

There are eight selfie sticks all over the city, so you can enjoy either the city and nature. Put your phone or your tablet on it and program the timer.

Share your photos on Instagram, add the hashtag #visitSabadell and cite (@sbdturisme).

There is a photo machine in Fidela Renom Square, just in front of City Hall. You only have to connect your Instagram account to print them free if you have shared the photos with #visitSabadell.

There is an information board on each selfie stick with a QR code, so the selfie sticks are geolocated and you can find the information of each location.

What are you waiting for?

👉 Ajuntament i Campanar de Sant Fèlix

👉 Mercat Central
